AlphaCard ID Builder Professional

Easily design, print, and manage ID cards & badges

Powerful ID Card Software

As the premier solution for ID card production and database management in Mac environments, AlphaCard ID Builder combines user-friendly design tools with a wide range of database options for storing and organizing records for any professional application.

AlphaCard ID Builder for Mac card software is designed specifically for Mac OSX 10.5 and above, and works with all PVC ID card printers.

Professional Edition Features

AlphaCard ID Builder Professional edition features advanced design and database options, perfect for medium to large organizations looking to store photos on database records, use multi-layout designs, or acquire images through SDK.

Highlights

- OLE objects & photos on database records
- Multi-layout card designs
- Design & encode 2D barcodes
- SDK image acquisition support
- Built-in face crop image editing
- Search (query) records

SYSTEM REQUIREMENTS:
Mac OSX 10.5 or higher, Intel 64bit processor, 512MB of RAM, and 500MB free hard drive space.
