Speed and versatility combine for increased productivity at checkout
The Symbol LS9208 presentation scanner from Motorola delivers both a high-performance processor and an innovative 100-line rastering omni-directional scan pattern for increased productivity at checkout, resulting in higher customer satisfaction. Built for both speed and versatility, the Symbol LS9208 features a small footprint, choice of colors and an optional, adjustable multi-mount stand that is easily adaptable to many point-of-sale environments.

Flexibility to meet the needs of many applications
Streamline a variety of everyday processes in retail and other environments with the Symbol LS9208. In retail operations, such as convenience, grocery, department and specialty stores, the scanner improves throughput at the checkout counter, instantly deactivates EAS security tags and can even help workers identify a product in the back room. In a drug store or pharmacy, the device can also be used to help meet regulatory requirements by verifying prescriptions and managing the administration associated with certain over-the-counter but controlled substances. Employees can quickly scan badges to track time and attendance. And since there is no need to orient the scanner and the bar code, even patrons in a library can scan books in and out — keeping checkout lines moving and check-in bins empty.

Robust new features offer easy set up and reduced costs
With the 123Scan setup utility, programming and configuring the Symbol LS9208 is made easy and minimizes startup time wherever the scanner is used. What's more, multiple onboard interfaces and universal cables further reduce your inventory requirements. For the most investment protection, the Symbol LS9208 also features built-in shock absorption that adds unmatched durability for a scanner in this class. The Symbol LS9208 offers premium features and powerful performance to help you save time and money.

Today's most advanced presentation scanner from a global leader
In many applications, the feature-rich Symbol LS9208 presentation scanner offers aggressive performance, maximum durability and optimal ergonomics to create a more productive POS environment. When you buy the Symbol LS9208, you receive the added assurance of purchasing from Motorola — a company with proven solutions and millions of scanner installations worldwide.
